

Pole Mount Bracket for LPRS Camera

IL-PMB-LPRS

- Pole Mount Bracket for LPRS License Plate Recognition Camera
- Supplied with straps
- Fit 3-inch (7.62 cm) to 8-inch (20.32 cm) diameter pole
- The LPRS camera can be adapted for use with the IL-PMB-LPRS Pole mount for attaching onto a pole
- The camera will affix to the Pole mount with 2 of the 4 included screws with no modifications
- For sturdier mounting, we recommend drilling one additional hole in the IL-PMB-LPRS pole mount to provide 3 screw points

Pole Mount

For installation follow the following instructions

1. Locate the screws in bag (supplied). These are used to attach the LPRS camera wall mount bracket to the IL-PMB-LPRS pole mount. Note the 2 screw mount points.

2. Side view. For secure mounting, drill hole for 3rd screw mount point, circled red.

3. Cable management. Camera cable feeds through camera bracket, and fits neatly through Pole mount.
